

Bob established the Region IV Area Agency on Aging in 1974 as a small operation with a staff of four. Today, the Agency operates with a staff of 60 and a budget of over \$10 million. Through the Agency, over 5,000 families are receiving the support services they need to maintain their independence through life's transitions and changes.

Bob has long recognized that one of the greatest challenges facing our community and our nation is the aging of our population and the need for long-term care services. He is providing great leadership on this issue. We are growing old—fast. Today, those 65 and over comprise 12 percent of our population. In just 30 years, those 65 and over will comprise nearly 20 percent of our population. One in five Americans will be a senior citizen. Rising to this challenge, Bob established the first demonstration project for Michigan's home-based long-term care system. It was successful and led to the State's initiation of a Medicaid waiver for home-based services and to the statewide replication of care management through Area Agencies on Aging.

Bob is recognized state-wide and nationally for his knowledge of aging issues, and especially long-term care. He has testified before Congressional committees on 9 different occasions, he is a frequent speaker and trainer at statewide and national conferences, and he was the 1992 recipient of the Harry J. Kelley Award from the Michigan Society of Gerontology for outstanding service in the development of policy and programs for older persons. He is a founding member of the Great Lakes Alliance, an interstate corporation to facilitate cooperation and communication on age-related issues among six states, and he is a founding member of the Healthy Berrien Coalition, an initiative designed to mobilize key community resources to bring the health status of Berrien County's citizens up to or above national and state standards. Last year, it was my pleasure and honor to co-host a forum on Aging in America with the Coalition. Bob also serves on the Public Policy Committee of the National Association of Area Agencies on Aging and was on the Association's Board of Directors for 8 years. He is the past president and a current Board member for the Area Agencies on Aging Association of Michigan. In addition, Bob has served on the Board of the Michigan Society of Gerontology, the Statewide Health Coordinating Council, and the Governor's Long-term Care Task Force.

With all these responsibilities, Bob still finds the time and energy to serve on the United Way Allocation Committee, an advisory group recommending local United Way awards, and to actively participate in and be a benefactor of the St. Joseph-Benton Harbor Rotary Club.

Southwest Michigan is a much better place for all of its citizens, and especially for the elderly, because we have been blessed with Bob Dolsen. He has touched each of our lives in ways large and small, and always with a gentle grace. I know everyone in Southwest Michigan joins me in wishing Bob Dolsen well upon his retirement and in thanking him from our hearts for all he has done and is doing for our community.

## EXTENSIONS OF REMARKS

TRIBUTE TO DR. FRANK PHILLIP  
HAWES OF HUNTSVILLE, ALABAMA

**HON. ROBERT E. (BUD) CRAMER, JR.**

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 24, 2000*

Mr. CRAMER. Mr. Speaker, I rise today to recognize and honor a friend and first-rate doctor, Dr. Frank Haws. As the friends, colleagues and family of Dr. Haws are gathering tonight to honor him, I feel that it is fitting that the United States Congress join them in paying homage to a man who has lent his knowledge, talents and skill to the medical community of North Alabama for over 36 years.

Originally from Washington County, Tennessee and educated at his birth state's institutions of East Tennessee State and the University of Tennessee at Memphis, Dr. Haws began his neurosurgery practice in Huntsville in 1964. He has spent the past 36 years dedicating himself to improving medical care for Huntsville and the surrounding areas. A superior surgeon, Dr. Haws shares his expertise with young doctors teaching at the medical schools of the University of Alabama at Huntsville, the University of Alabama at Birmingham and the University of Tennessee. He has also channeled his experience and skill into premier academic publications including the *Southern Medical Journal*.

In 1995, Huntsville Hospital recognized Dr. Haws with the naming of the Neurosurgery Progressive Care Unit in his honor. As both the Chief of Staff and Chief of Surgery at that hospital, he was instrumental in the expansion and improvement of its facilities especially the Neurosurgery Division which he helped create. On active staff at three local hospitals and on consulting staff at eight, Dr. Haws' proven excellence has been very much in demand.

To me, he symbolizes the model doctor: brilliant, talented, caring and dedicated. In addition to his demanding professional life, Dr. Haws has found time to get involved in his community and lends his leadership to the Boys and Girls Club of Huntsville and the Boy's Ranch of Alabama.

As he prepares to leave the North Alabama Neurological, P.A., I sincerely hope he will take the time to enjoy farming and fishing, two of his favorite hobbies. This is a richly deserved rest and I join his wife, Patsy, and his six children in congratulating him on a job well done. I wish him the best in his future years.

Having personally known Dr. Haws for many years, I am thankful for this opportunity to recognize his tremendous medical service and academic accomplishments as well as express my appreciation for his extraordinary contributions to the larger community of North Alabama.

HOW FORGIVENESS CAN SHAPE  
OUR FUTURE

**HON. LOIS CAPPS**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, July 24, 2000*

Mrs. CAPPS. Mr. Speaker, I rise today to pay tribute to a valued mentor, a key advisor, and dear friend who recently wrote an article which appeared in the Santa Barbara News-Press, entitled "How Forgiveness Can Shape Our Future."

In addition to being one of Santa Barbara's outstanding public citizens, Mr. Frank K. Kelly has been a journalist, a speech writer for President Truman, Assistant to the Senate Majority Leader, Vice President of the Center for the Study of Democratic Institutions, and Vice President of the Nuclear Age Peace Foundation.

Mr. Speaker, I commend the following article to my colleagues and ask them to join me in honoring the career and contributions of Mr. Frank K. Kelly.

HOW FORGIVENESS CAN SHAPE OUR FUTURE  
Frank K. Kelly

Human beings have tremendous capacities to be creative and compassionate, cooperative and generous—and shocking abilities to inflict terrible pain upon one another.

Is it possible for us to face the monstrous atrocities in the human record and yet to participate in the process of reconciliation, to accept the awful truth about ourselves and others and still move into the future with strong hope?

In a heart-wrenching report recently published, the man who headed South Africa's
